

## **Holy Name of Mary Academy**

### **Gymnasium - Update**

February 27, 2019

Dear Parents/Guardians:

As a follow up to last week's message regarding an issue with the school's gymnasium, please note the Newfoundland and Labrador English School District has advised that:

- A consultant contracted by the Department of Transportation and Works has determined the cause of the recent gymnasium wall issue and the resolution. This will require a fairly extensive permanent repair, anticipated to occur during the summer of 2019.
- In the interim, the consultant is determining temporary repairs to allow safe re-occupancy of the gymnasium in the near future.
- At this juncture, it is estimated the gymnasium will be available again within two weeks, but that will be confirmed once the temporary repair detail is finalized.

We will keep you advised of any updated information as it becomes available.

Thank you,

Donald Perry
